## The Laravel Podcast

The Laravel Podcast brings you Laravel and PHP development news and discussion. The podcast is hosted by Shawn McCool and regular guests include Taylor Otwell (the creator of Laravel) and Jeffrey Way (the creator of Laracasts).

21 JANUARY 2015

### Episode 21 - Commands, Pipelines and Packages

Laravel 5 is getting closer to beta and we discuss some upcoming changes as well as get into a discussion about when to use certain features of the framework and when they might be overkill.
